

Arafat in the Hospital

On April 15, 2002 Prophet Leslie Johnson was given a dream called "Arafat in the Hospital." I published it in the Crusader magazine, the website www.prophecyclub.com and read it on radio.

It gave several events leading to the next war in the Middle East.

They were:

1. Arafat would go into the hospital. Fulfilled 11/11/04 at 3:30 am.
2. Israel would give the Palestinians a state.
3. The Palestinian state would be a temporary measure to allow the Israelis time to strengthen their military.
4. Oil would be discovered in Israel. Hayseed and Mary Gene Stephens were in the dream which we take as an indication that Ness Energy will be the company to discover massive amounts of oil in Israel. Leslie has had a total of two dreams, and I have had seven dreams confirming Ness is the company which will discover oil for Israel.
5. Oil will make the Jews willing to fight for their land.
6. Israel and America will go against most of the Arab world. Leslie had the following dream which filled in most of the rest of the needed information to give a fairly clear picture of the events leading to the fall of America.

Future Headlines:

Given to Leslie Johnson, January 22, 2006

In the night I heard the audible voice of God speak the words: Israel Refuses to Help America. Then I heard the following headlines in my heart. This was the order in which I heard them. Not necessarily the order in which they will happen.

Israel Refuses Help To America
Omer Ushers In Palestinian State
One of America's Greatest Times of Need
Israel is Attacked, America Sends Troops
Chaos Reigns As Americans Protest Help to Israel
"It will start with an Internal Revolution..."

Summary of both dreams in Stan's ORDER (Just guesses)

Arafat in the hospital
Omer Ushers in Palestinian a State
Oil Discovered in Israel
Catastrophe hits America
Israel Refuses Help to America
Israel is Attacked, America Sends Troops
Chaos Reigns As Americans Protest Help to Israel
It will start with an internal revolution...

Leslie was not told what the catastrophe would be. We know that Michael Boldea was shown a giant Earthquake hitting California. Large parts of California fall into the ocean. It moves lines on the map, and effects 10 states. I was shown a series of sophisticated explosions by a sophisticated network of people in two dreams. I was shown an economic collapse started when one of the explosions is at a regional bank destroying all records of accounts and their backups in two other dreams.

Americans became furious. They were mad at the US Government, Jews, and the Muslims.

Then I heard Stan's voice saying, "It will start with an Internal Revolution..." It (The fall of America) will start with an internal revolution in America started by the communists. Some of the people will start fighting against the government. The government will be busy with internal problems. Then from the oceans, Russia, Cuba, Nicaragua, Central America, Mexico and two other countries will attack and defeat America. --Dumitru Duduman
